<b>Agenda Item: Review of Action Items (See Attachment 1 for a complete list)</b>		
Action Items	Lead	Status
1. Secure an economist from the Corps of Engineers to assist with building the AM Business Case	Debbie/Kyle	Money is being disbursed; need clarification on scope

<b>Agenda Item: Update on Nov 28 Meeting with IJC Staff</b>		
Action Items	Lead	
1. Everyone was supportive and interested in moving forward with scoping out the pilots		
2. Wendy and Mike have developed a framework for costing out pilots		
3. Concerns were raised about the legal authority for the project and funding; a reference from the government would answer these questions; Georgian Bay can be shown as a critical issue		
4. A title is needed for the draft AM plan report – Living with the Lakes?		
5. Storyline should include concepts of resiliency and prudent planning along the shoreline; go beyond the regulation plans to account for climate change and extremes beyond regulations; marry adaptation with regulation		
Action Items	Lead	
1. A title is needed for the AM plan report	All	
2. Need a clear and concise AM storyline for the commissioners	All	
3. Translate task team minutes and post on IJC website	Sara	

<b>Agenda Item: Update on Webinar with AM Advisory Group – Nov 30</b>		
Action Items	Lead	
1. Good discussion and support from people on the call; now need to deliver and get these people engaged in scoping out details of the plan		
2. Quebec provincial representatives will send some comments early next week re: LOSLR and AM plan and the relationship between the two initiatives		
3. AM Task Team prefers to keep the AM plan as a big picture rather than separate for the Upper Great Lakes and Lake Ontario-St. Lawrence River; indicators are both system wide and specific to each system		
4. Will need discussion with Quebec regarding their comments		
5. Next AM Advisory Group meeting set for Dec. 19; plan for 1 hour but will book for 2 hours. Will		

<p>walk through the draft AM plan and discuss our expectations from them and stakeholders we should target for consultation in February.</p> <ul style="list-style-type: none"> <li>- Advisory Group membership now includes: Canadian Coast Guard; Tim Henry, EPA; David Nfatzger; will not invite any additional participants</li> </ul>	
Action Items	Lead

5. Send out draft AM plan prior to webinar	Sara/Wendy

<b>Agenda Item: Draft AM Plan and pilots</b>	
Decisions	
<b>Adaptive Management Plan</b>	
<ul style="list-style-type: none"> <li>- Add more text on rationale for each AM task – why important, what it is</li> <li>- Include more detail around networks, how they would function and graphics</li> <li>- Include a section on the link between LOSRL and UGLS and provide two options, with graphics</li> <li>- Add section on funding discussion – agencies should come to the table with the expectation that they are bringing resources; identify what the IJC should contribute: secretariat, information management, special projects</li> <li>- Address questions of authority right up front</li> <li>- Need cover letter; include questions to IJC such as: what happens after March 31, what is role of Advisory Group after that point; let them know we will need support from their staff on outreach and consultation</li> <li>- IJC meeting in February in Vancouver; could be a good opportunity to discuss the AM plan; Mark to ask Chuck to add this to the agenda</li> <li>- Wendy to send out draft AM plan next week for comments by end of next week</li> </ul>	
<b>Pilots</b>	
<ul style="list-style-type: none"> <li>- Pilots are meant to be adaptive management in action</li> <li>- Look at the document and provide comments on where each sees these pilots and how your agency fits in</li> </ul>
